### Circumstances:

Sevak Simonian was last seen at his home in Belrose NSW on Monday 20 October 2014. He was reported missing by his family on 23 October after they became concerned about not hearing from him.

Sevak was a keen bushwalker. On the 24 October his vehicle was located at the Kanangra Walls car park at Kanangra Boyd National Park. There was no sign of Sevak where the vehicle was found.

Despite several extensive searches, Sevak is still missing.

It is out of character for Sevak to not contact his family or friends, especially for such a length of time.

If you have information that may assist police to locate Sevak please call Crime Stoppers on 1800 333 000.
